SECTION 5. As used in this act, "student directory information" means a student's

name, a student's address, a student's telephone number, if such telephone number is a listed or published telephone number, or any one (1) or more of the three (3) aforementioned elements of such information.

SECTION 6.

(a) Except as provided in subsection (b), a high school shall provide access to its school campus and its student directory information to official recruiting representatives of the armed forces of the United States, the Tennessee Air National Guard, the Tennessee Army National Guard, and the service academies of the United States for the purpose of informing students of educational and career opportunities available in the armed forces of the United States, the Tennessee Air National Guard, the Tennessee Army National Guard, and the service academies of the United States.

(b) A high school student or the parent, guardian, or custodian of a high school student may submit a signed, written statement to the high school the student attends after the completion of the student's tenth grade year that indicates the student or the parent, guardian or custodian of the student does not want the student's directory information to be provided to official recruiting representatives as provided in subsection (a).
